

ecodek® Wood Polymer Composite decking comes in a range of colours. Black, Slate Grey, Pebble Grey, Dark Brown and Light Brown. Custom colours are available please contact us for more details (please see below).

Colours as shown above: - Pebble Grey, Light Brown, Black, Dark Brown and Slate Grey

As with any timber based product, some fade will occur - see below for more details:

Black – Low fade, retains its rich darkness

Slate Grey – Low fade, looks black in low light levels

Pebble Grey – Low to medium fade, weathers to a lighter grey

Dark brown – Low to medium fade, retains its warm, natural colouring

Light brown – Medium fade – weathers to a natural hessian colour
