

Galeri Caernarfon

Galeri Caernarfon Cyf. is a not for profit community social enterprise. In 2005 the trust opened the £7.5m *Galeri Creative Enterprise Centre*. In 2016 **ecodek®** material was added to the project, expanding the outside space for the café bar, adjoining the beautiful marina.

The vision of Caleri Caernarfon Cyf is that “anything is possible...through creative thought and sustainable action”. To realise this vision, the trust “implement sustainable projects in a creative way to realise the cultural, economic and environmental potential of the local community and its environs”.

The facilities at Galeri include performing arts classes for children and young people, a flexible 395 seat theatre and 23 workspace units housing 16 resident companies, all engaged in artisit or creative work.

Galeri’s café bar has become a thriving conference centre, which again is a further source of revenue generation. The addition of **ecodek®** to the marina-side space outside the venue has increased the footprint of Galeri and provided a beautiful addition with low potential for slip, negligible maintenance and a solid build quality.
